PRESIDENT'S REPORT FEBRUARY 2023

Hi Everyone,

What a great day it was at Westerfolds Park on Australia Day . We had 14 Morris Minors there showing off their beauty. Thanks, Michael Dobson, for organising the event.

This month we are going to Warburton for a nice picnic alongside the Yarra River. Meet at McDonalds in Ringwood at 10:00am for a 10:30 departure. More details in the Generator.

We also have a National Rally meeting on Thursday 16th of February at 7:30pm. The meeting is being held at Richard McKellar's, 10 Golding Street, Canterbury. We will discuss where people are staying, convoy times/groups, spare parts to take and how to prepare your car.

If all members that are going to the National Rally could please notify me on 0409 215 907,that would be great. As well as notifying me if you plan on attending the meeting at Richard's.

This is a brake master cylinder of a motorcycle that I was having problems bleeding. As you can see there is a large build up of old brake fluid blocking the inlet ports.

Keep on Morrying,
Stewart Carr

The meeting at Richard McKellar's, the best opportunity for taking t-shirt orders .

MORRY TALES:

This section is where we share stories provided by our members. We are always very happy to receive contributions to this page;

This month we were very lucky to receive 2 stories from Rosalee Harper. Thanks, Rosalee, you have a lovely way with words.

Well, it is funny when we are out in our Morry. So many people do stop and talk to you and most times they have a Morris minor story to tell us and their own connection with these cars. It ranges from 'oh I learnt to drive in one of those' to 'my auntie, grandmother, uncle to a friend cousin had one of those cars'. I do love hearing these stories it never ceases to amaze me just how many people do have a Morris minor story to tell. One of my favorites was when after a visit to my local library returning to the car a lovely older gentleman approached me and told me his beautiful Morry story. He and his wife had a Morris on their honeymoon over 60 years ago. Then he then went on to tell me just how much they enjoyed driving it through the country side and how it never let him down (well it would have been a lot younger car back then). He said all this with a lovely smile on his face that it had made his day seeing our little car and had brought back some wonderful memories for him. I was a worried that his wife was no longer with us when he then said that it was a shame that his wife wasn't with him today. I wanted to there and then offer him a drive in it and go and show his wife but I didn't offer to this day I wished that I had. It was a lovely story I swear that I think that I saw tears in this gentleman's eyes just beautiful.

I do just love it when we are out in the Morris people stop to chat and tell us a story. This story happened when we were on a trip to Bright. We had pulled into a service station for fuel when a lady approached us with her Morris story. She said that she once had a Morris but then she told us that it was brand new. Oh my I was so excited to her story and I was a little jealous to think she had been lucky enough to of had a brand new, yesbrand new Morris minor. She spoke so fondly of this little car and of all the adventures she and family had in this little car you could certainly tell she had loved it. She told us that she waited until the mileage clock had ticked right round before she traded in her beloved Morris as she and family were planning a big around Australia trip. We smiled she told us we had made her day I told her that she had made my day as I loved her story.

We will be very excited to welcome you to the inaugural Rob Roy Revival.

Rob Roy Revival will be held at Australia's oldest Hill Climb Track. This event is for invited pre 1980 Historic cars. The event will be staged in the style of the famous UK Revivals.

Track works update

The redevelopment of one of Australia's oldest historic tracks is expected to be completed by December 2022.

Works include, complete resurfaced track and return road. The dip at the approach to turn 2 is to be re shaped to eliminate under body damage. A new chicane between turns 2 and 3 will be an option for the track, plus a new tyre cleaning area before the start line.

The entry road from the front gate is also being sealed.
